This diagram shows an exploded perspective view of a mobile phone assembly. The main components are labeled as follows:

- 11h**: The main frame or chassis of the phone.
- 11d**: A top cover or display assembly.
- 170**: A component, possibly a camera lens or sensor, mounted on the frame.
- 11g**: A side panel or keypad area.
- 11i**: A bottom cover or base plate.
- 11j**: A component, possibly a speaker or microphone, located near the bottom.
- 11k**: A side panel or keypad area, shown in a separate exploded view.
- 11m**: A component, possibly a battery or internal circuit board, shown in a separate exploded view.
- 11e**: A small component, possibly a button or switch.
- V**: A small component, possibly a button or switch.
- 11a**: A small component, possibly a button or switch.
- 13**: A camera lens assembly, shown in a separate exploded view.
- 13c**: A component, possibly a lens or sensor, shown in a separate exploded view.
- 12**: The back cover of the phone, featuring a grid of small holes (possibly for a speaker or microphone).
